

CHOICES WE MAKE SCORECARD for card use

Preliminary work: Before using the *Choices We Make (CWM)* program on the *Project Worldview* website (accessed at www.projectworldview.org/choices.htm) you need to follow INSTRUCTIONS on the non theme *CWM* cards—starting with making choices and separating the 52 cards into four piles. Then Person #1 (and perhaps also Person #2 if he / she is involved) will enter input data. So, both on the scorecard below, and later in the computer program, do the following:

- a) ...for pile #1 cards, enter a "10" for the themes you have facing up; enter a "0" for the themes have facing down
- b) ...for pile #2 cards, enter a "8" for the themes you have facing up; enter a "2" for the themes have facing down
- c) ...for pile #3 cards, enter a "6" for the themes you have facing up; enter a "4" for the themes have facing down
- d) ...for pile #4 cards, enter a "5" for the themes on both sides. **NOTE card # limits: pile #1: 20; #2: 20; #3: 8; #4: 4**
